

Situated Evaluation Framework - Supervisor Form

Supervisors are invited to reflect on recurring themes, support needs, learning experiences, and programme feedback emerging across supervision conversations without sharing confidential or personally identifiable information.

The survey is intended to support collective learning, responsive programme development, and future iterations of the Student Partnership programme.

Responses may be quoted or referenced within evaluation reports, presentations, publications, or future programme materials. By completing the survey, supervisors consent to the use of their responses for reflective, evaluative, and dissemination purposes.
